

**E-Z-GO RXV Rear Bumper  
Installation Instructions**  
**Black- Part# 7151**  
**Gunmetal- Part# 7152**  
**Stainless- Part# 7153**

*Parts List*

- Rear Bumper-1*
- 1/4" x 1 SS BH Bolts-4*
- 1/4" SS Washers-4*
- 1/4" Locknuts-4*

 ***Always remember to wear appropriate eye protection!***

1. Using locking pliers secure the new bumper to the stock bumper as shown in Figure 1. Once new bumper is secured with pliers stand back and check to make sure bumper is level and even on both sides. Adjust bumper accordingly.
2. Once bumper is in the correct location mark mounting holes on the stock plastic bumper.
3. Using a 1/4" drill bit, drill 4 mounting holes through the stock plastic bumper.
4. Using the supplied hardware mount the new rear bumper to the cart.
5. Securely tighten all bolts.
